INTRODUCING THE NEW CannaFREEZE MODEL FC 500 "Stainless Programmable" CANNABIS FREEZE DRYER

$724,900

2020

This is the newest concept in a programmable general purpose freeze dryer that is food grade.

The FC 500 freeze dryer is a short cycle, high-performance unit featuring stainless steel shelves conducting heat directly to the product. Freeze drying conduction does not require such high shelf temperatures and is therefore safer for the product and easier to program.

Some of the key features of this unit are:

- Fast drying capabilities of between 16 and 24 hours for 500 KG depending on product type
- Fully programmable automatic cycle with 48 CM touch screen HMI
- Remote access via internet and direct factory support
- Shelf area of 51 Sq Meters and a shelf spacing of 6 CM
- Fast initial product freezing via conduction

Water cooling is required for the refrigeration system and we can supply an appropriate-sized chiller if needed.

Built to exacting specifications by Frozen in Time in the UK.
Botanique/CannaFREEZE is the exclusive distributor of Frozen in Time freeze dryers in the United States, Canada, and Mexico.

TECHNICAL DATA	FC 500
Ice Condenser Capacity	680 Kg
Ice Condenser Performance	560 Kg/24 Hrs
Ice Condenser Temperature	-75°C
Defrost	Hot Gas
Shelf Dimensions	130 x 100 Cm
Number of Shelves	23 + 1
Shelf Area	51 Sq Meters
Shelf Spacing	6 Cm
Shelf Temperature	-65°C to +90°C
Cooling Systems	Water Cooled
Refrigeration	Two Stage
Unit Dimensions	240 x 220 x 500 Cm H x W x L
Refrigerant	R-507 (NON-CFC)
Vacuum	Pfeiffer Duo 255
